Draft Agenda

6:00 PM Agenda Review
 Introductions

6:15 PM Project Updates

- FFS Review of Alternatives
- Overall status update on the EPA model and FFS release schedule
- River Mile 10.9 Removal Update

Debbie: Did EPA hear any complaints about traffic due to bridge openings? (Stephanie: not really, got 3-4 calls about where to get info about openings).

Doug: Ultimate volume removed? (Stephanie explains difference between planned vol & actual removed vol)

7:00 PM CPG Presentation

- Updates on CPG activities and modeling

CPG models sediment down to 5.5ft.

The period 1990-current has experienced more high flow events than previously.

EPA starts with 1995 initial conditions, runs forward in time and never sees the high concentrations that CPG starts their initial conditions with (based on 2010-2012 data).

7:30 PM TASC Support and Review of Information Tables

8:00 PM CAG schedule for upcoming meetings

- EPA outreach activities and schedule
- CAG topics and schedule for upcoming meetings

8:30 PM Wrapup and Adjourn
